Does your studio have an extra dance room with over 10 Streetz Star (Ages 5-7) level dancers? After reaching the 40 dancer minimum requirement, there is an option to add a third level for Streetz Stars. The requirement is a 10 dancer minimum at \$200 per Streetz Star dancer. This price is only good if the third room is opened and would not apply if a 5-7 year old took class in the Beg/Int level room.
